

Dear Business Owner:

This is the time of year we begin planning for the upcoming 6th Annual Sturgeon Bay Bass Tournament. The 2023 event will take place on Friday, May 12th and Saturday, May 13th at Sawyer Park in Sturgeon Bay.

This year's tournament has some extra special meaning to all of us as we honor the memory of our very own Cheryl Nault, who we sadly lost to pancreatic cancer in August of 2022. Cheryl's commitment to the success of this tournament was unparalleled, and she is missed by so many. To honor her, we are committed to making this year's tournament the best yet with the addition of special activities for both adults and children to enjoy during the event. We will also be making a donation to the DoorCANCer organization in Cheryl's name.

As a locally run bass tournament, we pride ourselves in protecting Sturgeon Bay's bass resources. We will continue to use the 'weigh on the water' format, as used by several national level bass tournaments. This method allows anglers to use the tournament provided scale (one in each boat) to Catch-Photo-Release. The fish are released right where they are caught, eliminating potential danger to the fish during and after transport.

Many of our anglers spend several days in Sturgeon Bay, frequenting our local businesses. We would be honored to have your business support the Sturgeon Bay Bass Tournament as a sponsor. Enclosed is a sponsorship sheet for your review. We welcome any special requests and ideas that would tailor to your business.

We look forward to your response and we appreciate you! Please contact Gary Nault at 920-495-6551 with any questions.

Sincerely,

Sturgeon Bay Bass Tournament Committee
